

Revolutionize the Way You Manage Your Day

Forget about conventional paper-and-pen lists that fail to keep you on task. Revolutionize the way you manage your day with Sage ACT! Scratchpad¹, a convenient, virtual notepad where you can quickly capture impromptu notes, phone numbers, and personal reminders, with or without opening Sage ACT!.

Example:

Let's say you're working on a proposal for Chris Huffman, but the phone rings, so you get distracted. You quickly jot down a reminder in Sage ACT! Scratchpad. When you have time at the end of your day, you push that activity into Sage ACT! on Chris Huffman's contact and set an alarm to go off first thing the next morning. Finally you can rid yourself of the sticky notes and legal pads that have been cluttering your desk for years and actually get through your to-dos!

- *"Scratchpad is simple, effective and SPECTACULAR!! Good job."*
- *"Fantastic that the scratchpad can schedule an activity to your account."*
- *"On Scratchpad - I find this tool so useful, that I am utilizing far beyond ACT!."*
